

iReach Multibus™ Business Decisions 2008

The **iReach Multibus™** offering is a unique monthly Omnibus survey looking at a key Industry or topic areas across 250 Business Decision makers in Ireland. By looking at trends and spends of Irish Businesses, this Multibus™ can provide the cost-benefits of an Omnibus survey with the power and flexibility of custom research.

Each Business Decisions Multibus™ explores **Industry**, **Technology** and **Economic Drivers** that impact how Irish businesses invest and operate. The wide range of issues can focus anywhere in the corporate world, from business and economic concerns to staffing and resourcing issues or technology and telecom purchasing trends.

Ideal research vehicle for:

- Spend and Investment projections
- Corporate Social Responsibility programs
- Business Confidence and Opinion polling
- Ad and Brand awareness
- Economic Forecasts and Industry outlook

A range of different non-competing clients can simultaneously participate in each **iReach Multibus™** survey, either as a one-off exercise, or as part of an on-going tracking research programme, obtaining the cost benefits of a multi-client Omnibus with the unique insights of a custom research program. Turnaround is 1 week for tabular data and 2 weeks for full research findings report.
